AGRI TOURISM

Rajgad Farms are a perfect example of Agritourism blended with Ecotourism. Rajgad Farms are beautiful in every single manner for a variety of reasons. Well, the farms are surrounded by the hills with climate very cool throughout the year. The availability of water for all the seasons keeps the environment unbelievably green.

Rajgad Farms has a natural habitat of green cover, and stations a perfect rural atmosphere. The village Damguda Aasani offers breath taking peaceful environment. We also take our customers to tour the village that has trees, farms, streams of clean water flowing, bridges. Not to forget, Rajgad Farms are near forts like Rajgad, Tornagad and Sinhadag, which are one of the best trekking places. Rajgad Farms can be one of the best places for the Agritourism and Ecotourism. Our objective is to provide a natural setting that can help people experience the environment to the fullest.

At Rajgad Farms, we have a belt of mango trees. We are also engaged in Vermiculture. We have our own Rainwater Harvesting system in place for the water conservation. We have also installed solar lights to illuminate the Rajgad Farms. Our eco-friendly initiatives are taken to protect the environment, and leave a positive impact on it.

So, if you are looking to experience Agritourism or Ecotourism around Pune, then Rajgad Farms can be a place that you are seeking.
